Foreword

British Triathlon and the Home Nations (Triathlon England, Triathlon Scotland and Welsh Triathlon) are firmly committed to creating and maintaining safe, fun and positive environments for all children to take part in triathlon.

The British Triathlon Safeguarding and Protecting Children Policy sets out our belief in and commitment to safeguarding and protecting all children involved in triathlon, safeguarding their welfare and protecting them from all forms of abuse and neglect. This is not just our responsibility but that of everyone involved in triathlon at all levels to ensure that children can enjoy themselves in a safe and non-threatening environment.

Our Safeguarding and Protecting Children Policy, Home Nations Procedures and supporting guidance documents are built upon the organisations' values: we are people centred, we are ambitious, we are inclusive and we do what's right.

The policy, procedures and supporting guidance documents provide comprehensive guidance for everyone in our sport. We encourage everyone involved in our sport to read the enclosed information and ensure they are aware of our policy, the relevant Home Nation procedures and their content so that together we continue to build a safe environment for children.

Policy Statement

The British Triathlon Safeguarding and Protecting Children Policy is adopted by:

- British Triathlon
- Triathlon England
- Triathlon Scotland
- Welsh Triathlon

As the National Governing Bodies for triathlon, British Triathlon and the Home Nations accept our responsibility to meet our duty of care to all children and to safeguard their welfare.

British Triathlon and the Home Nations consider the safety and wellbeing of children as central to its values. All concerns about children must be acted upon and reported immediately. Where there are concerns and disclosures of abuse against children, we will prioritise the wellbeing of the child and act in accordance with all relevant UK legislation and guidance. Poor practice will be taken extremely seriously and viewed as a breach of our safeguarding policy.

Everyone is responsible for reporting concerns; not acting is not an option.

The British Triathlon Safeguarding and Protecting Children Policy applies to everyone involved in British Triathlon and Home Nation governed activities, whether or not they are members.

Failure to comply with our Policy will be addressed without delay and where necessary, British Triathlon or the relevant Home Nation will take Safeguarding Disciplinary Action (as defined in the relevant safeguarding procedures and associated guidance) against anyone in breach of this Policy.

British Triathlon and the Home Nations are committed to safeguarding and promoting the welfare of children in our sport. All children are entitled to feel safe, be safe and protected from any form of abuse and neglect and have the right to take part in triathlon in a safe, positive and enjoyable environment and to be given the chance to experience the feelings of enjoyment, challenge and achievement that are inherent to our sport. To ensure this, British Triathlon and the Home Nations have developed this policy, which is supported by the safeguarding procedures and associated guidance which all participants are expected to comply with, and everyone in the sport accepts their responsibilities to safeguard children from harm and abuse.

This Policy operates in conjunction with UK legislation governing safeguarding and protecting children. It is also to be read in conjunction with other relevant policies which also provide information and guidance relevant to Safeguarding such as the Codes of Practice, Ethics and Conduct, and Anti-bullying Policy.

Guiding Principles

**For the purpose of this policy we use the following definition:
a child is defined as anyone under the 18 years of age.**

**Children's rights guide us in what our responsibilities are.
The following rights are highlighted:**

- Each child has the right to protection from all forms of abuse, neglect or exploitation
- Each child has a right to be treated as an individual
- Each child has the right to express views on all matters that affect them

In order to minimise the risk of abuse our policy is built on the following principles:

- The welfare of the child is paramount and must be prioritised at all times.
- Safeguarding children is everyone's responsibility and everyone must act appropriately, and report concerns. Doing nothing is NOT an option and all concerns must be reported. - All allegations, suspicions and concerns of poor practice, harm or abuse will be taken seriously and responded to swiftly, fairly and appropriately.
- We recognise the role and responsibilities of the statutory agencies in safeguarding children and are committed to complying with local and national safeguarding procedures. All concerns and disclosures that indicate illegal action will be reported to external authorities.
